

Motivated and enthusiastic Artificial Intelligence and Data Science student with a strong interest in software development, data analytics, and machine learning. Passionate about learning emerging technologies and applying problem-solving skills to develop innovative and efficient solutions. Seeking opportunities to enhance technical knowledge and gain real-world industry experience.

MINI PROJECTS	Smart Attendance Management System using Python & SQL	Jan 2025 – Feb 2025
	- Developed a student attendance management system using Python and SQL for efficient data storage and retrieval. - Implemented features such as attendance tracking, report generation, and database connectivity. - Improved accuracy and reduced manual record maintenance through automation.	
	AI-Based Object Detection System	June 2025 – July 2025
	- Built a real-time object detection application using Python and OpenCV concepts. - Integrated machine learning techniques for identifying multiple objects efficiently. - Enhanced system performance through optimized image processing methods.	

INTERNSHIP	CAZ Brain Company – Data Science Intern	2 Months
	- Worked on data preprocessing, data cleaning, and visualization tasks using Python. - Assisted in analyzing datasets and generating meaningful insights for business applications. - Gained hands-on exposure to machine learning fundamentals and data analytics workflows.	
	Vel Tech Pvt Ltd – Python Junior Intern	1 Month
	- Developed basic Python applications and practiced object-oriented programming concepts. - Assisted in debugging, testing, and improving program functionality. - Collaborated with team members to understand software development processes.	

SKILLS	Programming Languages	: Java, Python
	Database Management	: SQL
	Operating Systems	: Ubuntu
	Core Areas	: Data Science, Machine Learning Basics, Problem Solving

EDUCATION	Bachelor of Technology – Artificial Intelligence & Data Science	2027
	VSB College of Engineering Technical Campus	
	Current CGPA: 8.0	

CERTIFICATIONS	• Python Programming Fundamentals – Infosys Springboard
	• Introduction to Data Science – Coursera
	• Machine Learning Basics using Python – Great Learning
	• SQL for Data Analysis – HackerRank

LANGUAGES KNOWN	• English	• Tamil	• French	• Japanese
